3D-Printed PEX Pipe Bend Support Bracket

Keep your PEX pipes securely in place with this durable and easy-to-install support bracket. Designed to prevent kinking and maintain proper alignment, this bracket ensures a smooth flow through bends. Ideal for DIY home plumbing projects. Be sure to print with higher temp materials if you plan to use this on hot water lines.

Download the design and print your own today!

5 shells.

100% Rectilinear Infill.

Not PLA if you use it on hot water lines.
